## COUNCIL COMMUNICATION

**AGENDA TITLE:** Conduct a Public Hearing to consider project proposals and Community input regarding the 1996-97 Federal allocations of Community Development Block Grant (CDBG) and HOME funds.

**MEETING DATE:** March 6, 1996

**PREPARED BY:** Community Development Director

---

**RECOMMENDED ACTION:** That the City Council hold a Public Hearing to consider possible uses of Federal funds received through the CDBG and HOME programs for the 1996/97 fiscal year. Staff recommends that the City Council wait until the next Council meeting to approve funding.

**BACKGROUND INFORMATION:** It is anticipated that the City will receive approximately \$700,000 in Community Development Block Grant (CDBG) funds and approximately \$200,000 in HOME funds from the Federal government for the 1996/97 fiscal year. The figures are tentative because the Federal government has not yet approved a budget. Faced with this uncertainty, staff will be presenting, at the appropriate date, recommendations for funding as a priority list. Upon notification of funding, items would be funded in order of their priority.

CDBG funds can be used to address a wide range of community development needs. HOME funds are restricted to the provision of housing, either new construction or rehabilitation. To be eligible for funding, projects/programs must first meet one of three national objectives:

- 1) To address the needs of low and moderate income individuals.
- 2) To eliminate a slum or blighted condition.
- 3) To resolve an urgent need.

Several ongoing projects/programs are mandatory components of the program and are funded annually in order for us to participate in the program. Others it has been the past preference of the City Council to fund annually. However, the majority of each year's allocation is discretionary. Project proposals come from the community and from City departments. Staff has received requests for funding from nonprofit groups in the City and from County-wide agencies as well. A listing of all the projects/programs for the current year which the Council is being asked to consider is below.
